**TITANIC.**  
Titanic, as man's work, was she,  
Yet but a plaything for the sea.  
"Unsinkable," her builders said,  
But look ye at the roll of dead!  
The "Monarch of the Ocean's Wave"  
Now lies within the deep sea grave.  
Titanic? Yes, but pygmy when  
Giant nature's force met force of men.

## WHAT IS THE MATTER WITH MAYSVILLE?

The politician will think of his party; the business man of money; the doctor of health; the lawyer of society; the teacher of the children, and the preacher—

Did you ever stop to think how the preacher must touch every side of life and have something helpful for every man in every kind of trouble? Unless we get saved politically and financially and hygienically there is still something lost about us.

I shall try to show you that Christianity is worth while in every sense tomorrow night at 7:30 o'clock at the Third Street Christian Church.

I want 500 men to hear the message. There may be some criticisms about the way this campaign has been conducted. It may not be very dignified, but I have never heard of dignity bringing 500 men to church, and I want the men.

I have used the best means I know to reach as many men as the Third street church will hold.

One final word to those who may think I do not mean them: I do! Plain Mr. Man, Mr. Saloonkeeper, Mr. Worldly Man, there will not be a word intentionally said which is not kind and fair and square.

The subject will be, "What's the Matter With Maysville?" Once more, you are invited to come.

ROGER L. CLARK, Pastor.

Captain Ben Smith with his sweeping machine was out this morning giving the brick streets a thorough cleaning for Sunday appearance.

The Knights of Columbus have declared the proposed trip to Lexington tomorrow off and instead will put the work on here the first Sunday in May.

## TITANIC LOSS

**Blamed On J. B. Ismay, Director of White Star Line, Who Escaped**

WASHINGTON, April 19th.—An indictment rarely equalled in vigor of J. Bruce Ismay managing director, and other officials of the White Star Line, holding them responsible for the Titanic disaster, was delivered in the Senate today by Senator Rayner of Maryland, who pictured Ismay as the "officer primarily responsible for the whole disaster, who has reached his destination in safety and unharmed."

"I have not the slightest doubt that the Northern route was taken in obedience to Mr. Ismay's direct orders and that, with full warning he risked the life of his entire ship to make a speedy passage."

## CLEAN UP!

**Mayor Lee and Mrs. S. F. Reed, President of Woman's Club Backing Movement**

Next Monday and Tuesday are the days set apart by Mayor Lee to clean up Mayville, and every householder, house-keeper and house-owner is appointed and ordered to clean his or her premises from the old house to the kitchen.

These clean-up days are going to be an annual and compulsory common law, and next year we're going to have two days in the fall and two days in the spring to take away all trash and put every yard in Mayville in tip-top condition.

Tonight at the Washington theater and at Pastime theater there will be displayed on screens the notices of the designated clean up days, April 22d and 23d.

Mrs. Stanley F. Reed, President of the Woman's Club, will make the rounds of the city this afternoon in an auto on which the clean-up data will be displayed in large letters.

Have your trash raked up and piled up ready for the city carts to remove next Monday and Tuesday.

The slogan in Mayville henceforth is to be: "WAR ON DIRT AND DISHEAR, AND FOR A CLEAN AND BEAUTIFUL MAYSVILLE!"
